Why choose Caxton?

CAXTON COLLEGE is located in Puçol (Valencia), 3 Kilometres from the sea and in ideal climatic surroundings. From the windows of our new purpose built Secondary building you can gaze at the Mediterranean, or the mountains of the Sierra Calderona, all against the backdrop of a bright blue sky...always a nice way to start the working day! And to end the day you can always have a relaxing swim in our indoor heated pool, or burn off some energy in our state of the art gym, all free for Caxton colleagues.

The area is easily accessible with the school being situated 19 kms from the thriving city of Valencia, where you can enjoy traditional Tapas and Flamenco, or visit the world famous futuristic Science Park, containing the world's largest aquarium. Valencia's city centre is only twenty minutes away from the school by train, so whether you choose modern city living or the more traditional local lifestyle, there is a Spanish experience to suit everybody.

Our primary aim is to offer a high quality, modern education which adapts to the new social and technological needs catering for pupils from Baby Caxton through to the Sixth Form. Our determination to fulfil this aim becomes evident when you see our excellent results at both IGCSE and A Level, with the majority of our students gaining places to top universities in Spain, the UK, The Netherlands and USA.

We are proud of our school and our committed team, and we therefore look for individuals who can bring new ideas, but can also adapt to our own particular school ethos.
